ISMIE Expands to Pennsylvania

Keystone State rate filing marks latest action to grow insurer's national footprint.

Chicago, IL – Today, ISMIE Mutual Insurance Company and ISMIE Indemnity announced entry into Pennsylvania. The companies will offer occurrence and claims made medical liability coverage for individual health professionals, groups and health care facilities.

“We are excited that Pennsylvania providers will now be able to access our medical liability coverage,” said ISMIE Vice Chairman Paul H. DeHaan, MD. “We’re eager to deliver our extensive suite of products and services in Pennsylvania, bringing our policyholder-focused approach to this market – and supplying providers with the peace of mind that ISMIE will always be at their side.”

“ISMIE stands apart through the strength of our risk management program, claims support and flexibility to meet our policyholders’ complex coverage needs,” said Wayne de Nazarie, ISMIE’s Executive Vice President. “While we are very pleased with our national expansion progression, we look forward to growing long-term policyholder relationships in Pennsylvania, and continuing to expand our geographic markets in the coming months,” added Mr. de Nazarie.
